Story Summary: It's Harry's 7th and final year at Hogwarts. He's preparing for his mission of seeking out and destroying the rest of Voldemort's Horcruxes and completing the Prophecy. But, he's not alone. A mysterious stranger named Hannah was commissioned by Dumbledore, long before his death, to assist Harry in pursuing his challenging endeavors. As time passes, however, Hannah's allegiance to the Order of the Phoenix and to Harry becomes highly questionable. Is she really working to help Harry, or has she secretly been commissioned by Voldemort to aid the Dark Side in helping them destroy Harry for good?
